**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

---

We respect our legal obligation to keep health information that identifies you private. We are obligated by law to give you notice of our privacy practices. This Notice describes how we protect your health information and what rights you have regarding it.

## **TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS**

The most common reason why we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; testing or examining your teeth, referring you to another doctor or clinic for dental care; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or dental care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" mean those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance; personnel decisions; participation in managed care plans; defense of legal matters; business planning; and outside storage of our records.

We routinely use your health information inside our office for these purposes without any special permission. If we need to disclose your health information outside of our office for other than these reasons, we will ask you for special written permission.

## **USES AND DISCLOSURE FOR OTHER REASONS WITHOUT PERMISSION**

In some limited situations, the law allows or requires us to use or disclose your health information without your permission. Not all of these situations will apply to us; some may never arise at our office at all. Such uses or disclosures are:

- When a state or federal law mandates that certain health information be reported for a specific purpose;
- For public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the Federal Food and Drug Administration regarding drugs or medical devices;
- Uses and disclosures for health oversight activities, such as for the licensing of doctors; or for investigation of possible violations of health care laws;
- Disclosures for judicial and administrative proceedings, such as in response to subpoenas or orders of courts or administrative agencies;
- Disclosure for law enforcement purposes, such as to provide information about someone who is or is suspected to be a victim of a crime; to provide information about a crime at our office; or to report a crime that happened somewhere else;
- Disclosure to a medical examiner to identify a dead person or to determine the cause of death; or to funeral directors to aid in burial;
- Uses or disclosure for health related research;
- Uses and disclosures to prevent a serious threat to health or safety;
- Uses or disclosures for specialized government functions, such as for the protection of the President or high ranking government officials; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;
- Disclosures of de-identified information;
- Disclosures relating to Workers' Compensation programs;
- Disclosures of a "limited data set" for research, public health, or health care operations;
- Incidental disclosures that are an unavoidable by-product or permitted uses or disclosures;
- Disclosures to "business associates" who perform health care operations for us and who commit to respect the privacy of your health information.

Unless you object, we will also share relevant information about your care with your family or friends who are helping you with dental care.

## APPOINTMENT REMINDERS

We may call or write to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call or write to notify you of other treatment or services available at our office that might help you. Unless you tell us otherwise, we will mail you an appointment reminder on a post card, and/or leave you a reminder message on your home answering machine or with someone who answers your phone if you are not at home.

## OTHERS USES AND DISCLOSURES

We will not make any other uses or disclosures of your health information unless you sign a written "authorization form". The content of an "authorization form" is determined by federal law. If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization form, we cannot make the use or disclosure. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it. Revocations must be in writing. Send them to the attention of Dr. Frank J. Murray.

## YOUR RIGHTS REGARDING YOUR HEALTH INFORMATION

The law gives you many rights regarding your health information. You can:

You may have to pay for photocopies in advance. If we deny your request, we will send you a written explanation, and instructions about how to get an impartial review of our denial if one is legally available. If you want to review or get photocopies of your health information, send a written request to the attention of Dr. Frank J. Murray, D. D. S., F.A.G.D.
- Ask us to amend your health information if you think that is incorrect or incomplete. If we agree, we will amend the information within 60 days from when you ask us. We will send the corrected information to persons who we know got the wrong information, and the others that you specify. If we do not agree, you can write a statement of your position, and we will include it with your health information along with any rebuttal statement that we may write. Once your statement of position and/or rebuttal is included in your health information, we will send it along whenever we make a permitted disclosure of your health information. By law, we can have one 30 day extension of time to consider a request for amendment if we notify you in writing of the extension. If you want to ask us to amend your health information, send a written request, including your reasons for the amendment to the attention of Dr. Frank J. Murray, D. D. S., F.A.G.D.

If we change our notice of Privacy Practices, we will post the new notices in our office and have copies available in our office.
